Custer County Landfill

Excavation of Landfill Trench

Custer County Board of County Commissioners
205 South Sixth Street
Westcliffe, Colorado 81252

1. Project Goal

The Custer County Board of County Commissioners (BOCC) seeks to retain the services of an excavation company to complete the excavation of an existing landfill trench. The purpose of this Request for Proposal (RFP) is to obtain relevant information, credentials, qualifications, experience and a proposed Project Cost from interested excavation companies to inform the Board of the costs to complete the project.

2. Scope of Work

The Scope of Work for this project is to excavate approximately five hundred (500) lineal feet of a landfill trench. Dimensions of the trench profile is ninety-three (93) feet wide at the top of the trench and thirty-four (34) feet wide the bottom of the trench with the accompanying slope of the sides. The final depth of the trench shall be twenty (20) feet to natural grade. Excavated material will be sorted into topsoil, clay and pit run stockpiles to be located within the boundary of the landfill not to exceed a distance of one thousand (1,000) feet. Location of stockpiles will be determined by the landfill manager prior to excavation.

The excavation will be a continuation of the existing trench that is currently being used by the public. Excavation work will be executed using a round trip format, i.e. enter one end of the trench and exiting the opposite end to deposit material.

Excavation costs should include mobilization, demobilization, fuel, labor and equipment.

The contract will be awarded May 5, 2020.

The project shall start no later than thirty (30) days from the award date of the contract. The scheduled duration of the project will be thirty (30) days from the start of excavation.

Allowances will be made for unforeseen weather events and/or the possible accumulation of runoff water.
